

# Retail Fleet Sales, Parts, Repairs, Maintenance & Inspections.

The Customer Equipment Solutions team at United Rentals specializes in owned equipment repair, maintenance, parts and inspections. Our inspections meet ANSI and CSA requirements. We can service your owned equipment in the field or at one of our locations and we specialize in medium to heavy-duty equipment, such as scissor lifts, backhoes, mini-excavators, and boom lifts. Our trained technicians can keep your owned fleet operating safely, at peak performance, and according to regulations!
